Temple has made recommendations for your course selection at HACC so that your transfer courses will satisfy these requirements prior to your transfer to Temple. Students who do not follow these recommendations will require additional time to degree completion.
- 2) Students should select the first level of any language. The College of Liberal Arts at Temple University requires that all students complete at least two levels of a foreign language. A 101-level foreign language course at HACC will satisfy the first level of this requirement. Students who place into a 200-level foreign language may begin there.

- 5) Students should select one of the following: ANT 101, ENG 217, HIS 108 or HIS 109. These courses transfer to Temple and satisfy the General Education Race & Diversity (GD) requirement. Students transferring without one of these courses may require additional time to degree completion.
- 6) Students should select one of the following: GEO 201, HIS 103, or HIS 104. These courses transfer to Temple and satisfy the General Education U.S. Society (GU) requirement. Students transferring without one of these courses may require additional time to degree completion.
- 7) Students should select the second level of foreign language. The College of Liberal Arts at Temple University requires that all students complete at least two levels of a foreign language. A 102-level foreign language course at HACC will satisfy this requirement. Students who completes the second level of a foreign language at an earlier date are encouraged to take the third level of the language, if available.

- Student who transfer from HACC without all of Temple's recommended 45+ General Education requirements may require additional time and credits to satisfy their degree requirements for graduation.
- Temple University requires that all undergraduate degree candidates complete 45 hours of the last 60 hours of the degree or program as matriculated students at Temple University. If a matriculated student previously took Temple courses on a non-matriculated basis, those courses are counted towards this requirement.
- To earn a CLA baccalaureate degree, a student must complete a minimum of 123 credits, including: 90 credits in CLA/CST courses, 45 credits of which must be at the upper level (numbered 2000-4999). Of that, 6 credits must be outside the student's major division (e.g., Social Sciences). (Transfer courses can be used to fulfill some of these requirements).
- The Social Science track of the Liberal Studies major requires five courses in one "Concentration" (e.g., Psychology or Criminal Justice), four upper level Social Science courses outside the Concentration, and four upper level Humanities courses. Up to eight HACC courses may transfer toward these requirements.
