12:30pm – 1:50pm

Poster Session

Room 200BC

Fatima Ahmed, Bioengineering major, *The Effects of Breast Cancer Epithelial Cells on the Microarchitecture of the Extracellular Matrix*, Supporting Faculty: Karin Wang

Razeen Akbar, Neuroscience: Cellular and Molecular major, *Effects of Elevated Androgen on Adipocyte Structure*, Supporting Faculty: Sheng Wu, Supporting Program: CST Undergraduate Research Program

Tareq Al-Barqawi, Political Science major, *The Palestinian Diaspora Identity*, Supporting Faculty: Roselyn Hsueh, Supporting Program: CLA Liberal Arts Undergraduate Research Award

Giovanna Arantes De Oliveira Campos, Neuroscience: Systems, Behavior & Plasticity major, *Relating the Fornix to Episodic Memory and Spatial Navigation in Development*, Supporting Faculty: Ingrid Olson

Alex Armstead, Health Professions major, **Rohan Harolikor**, Biology major, *Geranylgeranyl Transferase Inhibitors Selectively Inhibit STIM2-Dependent Orai Function*, Supporting Faculty: Jonathan Soboloff

Alexandra Arnold, Biology major, *Infrared Spectroscopic Assessment of Osteochondral Allograft Composition under Different Preservation Conditions*, Supporting Faculty: Nancy Pleshko, Supporting Program: CARAS Project Grant

Sarah Batche, Political Science major, *Examining How Differing Irish Identities Affect the Attitudes and Social Status of the Irish in England*, Supporting Faculty: Roselyn Hsueh

Olivia Bishop, Psychology major, *Longitudinally Examining Working Memory Functioning and Depressive Symptoms in Adolescents*, Supporting Faculty: Lauren Alloy

Jacob Bonadio, Bioengineering major, *Extracellular Stiffness Modulates the YAP Hippo-Pathway Activation*, Supporting Faculty: Karin Wang

Madeline Bono, Biology major, *STAT2 Promotes Colorectal Cancer in a Type I IFN Receptor Signaling Independent Manner*, Supporting Faculty: Ana Gamero, Supporting Program: CST Undergraduate Research Program

Kal Brown, Psychology major, *Initial Evidence for Curiosity as a Low-Effort Alternative to Cognitive Reappraisal*, Supporting Faculty: Christopher Thompson

Edmee Brown-Egue, Bioengineering major, *Time-Course of Changes in Spinal Motoneuron Excitability in Humans*, Supporting Faculty: Chelsea Helion

Keshanti Bruce, Health Professions major, *An Assessment of the Social-Emotional Well-Being of Philadelphia Youth*, Supporting Faculty: Lin Zhu

Matthew Calderone, Neuroscience: Cellular and Molecular major, *Alternative Splicing of the Alpha-synuclein Gene and Its Role in Parkinson's Disease*, Supporting Faculty: Ilker Sariyer

Joel Camarote, Psychology major, *Children's Motivational Beliefs in Math, Verbal, and Spatial Domains: Relations to Gender and Achievement*, Supporting Faculty: Elizabeth Gunderson

12:30pm – 1:50pm

Poster Session (continued)

Room 200BC

Taylor Chernuta, Psychology major, *Gender Similarities in Parents' Motivational Beliefs and Children's Persistence after Failure*, Supporting Faculty: Elizabeth Gunderson

Angela Cirelli, Public Health major, *Two Sides to the Story: Linguistic Assimilation in America*, Supporting Faculty: Melissa Toomey

Darcy Concannon, Public Relations major, *The Menstrual Cup Craze: How to Get People with Periods to Buy your Company's Menstrual Cup*, Supporting Faculty: Dana Saewitz

Marah Dormuth, Psychology major, *Tourism in Italy: A Blessing or a Curse?*, Supporting Faculty: Dana Saewitz

Saamia Farooki, Biology major, *Identifying Molecular Mechanisms of Arteriovenous Fistula Maturation*, Supporting Faculty: Jun Yu

Mollee Feeney, Speech, Language and Hearing Science major, *Effects of Linguistic Context and Speech Masker on Speech Comprehension*, Supporting Faculty: Jing Shen, Supporting Program: Diamond Research Scholars

Jared Ford, Biology major, *Miniaturizing Protein Purification: Remediating One of Cell-Free Protein Synthesis Restrictions*, Supporting Faculty: Robert Stanley, Supporting Program: CARAS Project Grant

Madeline Funk, Psychology major, *Investigating Cognitive Deficits Elicited by Chronic Heroin Self-Administration in Male and Female Rats*, Supporting Faculty: Mathieu Wimmer

Magdalena Gareca, Public Health major, *HIV Testing among High School Students in the United States by State Medicaid Expansion Status: YRBS 2015, 2017, 2019*, Supporting Faculty: Resa Jones

Alexandra Hehn, Neuroscience: Systems, Behavior & Plasticity major, *The Effect of Early Life Stress on Cocaine Self-Administration and the Incubation of Craving*, Supporting Faculty: Peter Marshall, Supporting Program: Diamond Research Scholars

Riley Hinton, Undeclared major in Fox School of Business and Management, *Tourism in Hawai'i*, Supporting Faculty: Dana Saewitz

Jane Horman, Anthropology major, *A Dress to Impress: Achilles on Skyros in Roman Art*, Supporting Faculty: Mike McGlin

Julianne Jacques, Human Development and Community Engagement major, *Mental Health in Urban School Settings: A Case for School Based Health Centers and Trauma Informed Teaching*, Supporting Faculty: Erica Johnston

Mariyah Jiwajji, Neuroscience: Systems, Behavior & Plasticity major, *Using a Machine Vision Approach for Automated Pain Measurement at Millisecond Timescales in Rats*, Supporting Faculty: Mathieu Wimmer

Salvin Kabir, Biology major, *Characterized the Marine Natural Products that Modify Integrin Activity*, Supporting Faculty: Jinhua Wu

Michael Kegel, Bioengineering major, *The Role of pH in Chronic Wounds on Fibronectin Matrix Formation*, Supporting Faculty: Karin Wang, Supporting Program: Diamond Research Scholars

12:30pm – 1:50pm

Poster Session (continued)

Room 200BC

Keri Kern, Biology with Teaching major, *The Effect of a Large-Scale Climate Driven Disturbance on Carbon Storage Capacity of a Mature Temperate Forest*, Supporting Faculty: Amy Freestone, Supporting Program: Diamond Research Scholars

Shely Khaikin, Psychology major, *Food Addiction is Associated with Objective Binge Eating and Eating Disorders Psychopathology in an Undergraduate Sample*, Supporting Faculty: Eunice Chen, Supporting Program: CARAS Project Grant

Brianna Kline-Costa, Political Science major, *"To Kill a Woman is To Kill Life": The Symbolism of Violence in the Guatemalan Civil War*, Supporting Faculty: Jessica Stanton, Supporting Program: CARAS Project Grant

Camryn Krumbhaar, Neuroscience: Systems, Behavior & Plasticity major, *The Hippocampus Plays a Role in the Incubation of Craving for Sucrose*, Supporting Faculty: Mathieu Wimmer

Rhea Kumar, Supply Chain Management major, **Rhiannon Adeel**, Management Information Systems major, **Angelica Pinon**, Management Information Systems major, **Aanika Varma**, Management Information Systems major, *Agileness in Web Development- A Look into the Scrum Framework*, Supporting Faculty: Marie-Christine Martin

Kathrine Kyrylchuk, Biology major, *Adaptive Immune Response Elicited by Curli-Amyloid Presenting Dendritic Cells*, Supporting Faculty: Cagla Tukul, Supporting Program: Diamond Research Scholars

Colin Lynch, Ecology, Evolution and Biodiversity major, *Impact of Wind Disturbance and Seasonality on Avian Community and Niche Overlap*, Supporting Faculty: Mariana Bonfim

Safah Majid, Neuroscience: Cellular and Molecular major, *Fentanyl Enhances HIV infection in Microglia and Macrophages*, Supporting Faculty: Wen-Zhe Ho

Elizabeth Masciantonio, Nursing major, *"My body knew it was something": Understanding the Impact of Campus SV on Survivor Bodily Connections and Perceptions*, Supporting Faculty: Laura Sinko

Yulduz Masharifova, Painting major, *Memory and Space*, Supporting Faculty: Gerard Brown, Supporting Program: CARAS Project Grant

Iris Mencher-Ilich, Public Health major, *Open Arms: A Proposal for a Mentorship Program for Middle School Boys in Philadelphia*, Supporting Faculty: Susannah Anderson

Adi Menon, Neuroscience: Systems, Behavior & Plasticity major, *Global Comparative Analysis of AMA-1 Protein Found in Malaria Parasites*, Supporting Faculty: Ananias Escalante

Juliette Mugenga, Political Science major, *Second-Generation African Immigrants*, Supporting Faculty: Roselyn Hsueh

Abheya Nair, Biology major, *ACLY and ACSS2 Are Necessary for Myofibroblast Differentiation and Cardiac Fibrosis*, Supporting Faculty: John Elrod, Supporting Program: CST Undergraduate Research Program

12:30pm – 1:50pm

Poster Session (continued)

Room 200BC

Willow Neske, Bioengineering major, *Employing Bioelectrochemical Systems to Enrich Cultures Capable of EET-Mediated Anammox*, Supporting Faculty: Heyang Yuan, Supporting Program: CARAS Project Grant

Linh Nguyen, Neuroscience: Systems, Behavior & Plasticity major, *The Relationship between Narrative Skill and Elaborative Talk in Young Children*, Supporting Faculty: Nora Newcombe, Supporting Program: CLA Liberal Arts Undergraduate Research Award

Helene Paris, Neuroscience: Systems, Behavior & Plasticity major, *Examining Inter-rater Reliability in Kinematic Coding of Infant Grasping*, Supporting Faculty: Peter Marshall

Leon Passarelli-Roberts, Neuroscience: Cellular and Molecular major, *Regulation of GSK3 Caused by an Acute Administration of Ketamine*, Supporting Faculty: Ellen Unterwald

Reeti Patnaik, Psychology major, *Family Economic Pressure and College Adjustment among African American Emerging Adults: Mediating Effects of Self-Efficacy and Active Coping*, Supporting Faculty: Ronald Taylor

Rachael Price, Neuroscience: Systems, Behavior & Plasticity major, *Changes in Dendritic Spine Morphology Associated with Cocaine Recall*, Supporting Faculty: Ellen Unterwald

Ethan Quinn, Political Science major, *The Role of the Protestant Reformation in the German Peasants' War of 1525*, Supporting Faculty: Terry Rey, Supporting Program: Diamond Research Scholars

Kevin Royce, Environmental Science major, *Terrain Model Developed by Structure-from-Motion of Unmanned Aerial Vehicle Imagery*, Supporting Faculty: Nick Davatzes

Faisal Shaikh, Data Science major, *Tornado Effects on Temperate Deciduous Forest Mortality: A Macro Report of the Temple Forest Observatory*, Supporting Faculty: Mariana Bonfim, Supporting Program: CST Undergraduate Research Program

Julianna Sims, Mathematics major, *New Contractive Fixed Point Free Maps and Their Minimal Invariant Sets*, Supporting Faculty: Jeromy Sivek, Supporting Program: CARAS Project Grant

Alina Spas, Psychology major, *Do People Account for Intrinsic Motivational Factors Associated with Tasks when Predicting Their Ability to Perform Said Task?*, Supporting Faculty: Chelsea Helion

Ian Stonefield, Ecology, Evolution and Biodiversity major, *Influence of Transportation Network and Environmental Conditions on Spotted Lanternfly Invasion*, Supporting Faculty: Mariana Bonfim, Supporting Program: CARAS Project Grant

Diana Tiburcio, Mechanical Engineering major, *Electroactive Forward Osmosis for Sustainable Nutrient Removal from Livestock Wastewater*, Supporting Faculty: Heyang Yuan

Shelby Tkacik, Neuroscience: Systems, Behavior & Plasticity major, *Negative Symptoms and Substance Use in Individuals at Clinical High Risk for Psychosis*, Supporting Faculty: Lauren Ellman

12:30pm – 1:50pm

Poster Session (continued)

Room 200BC

Iliana Todorovski, Psychology major, *Sex Differences in Dose Preference Between Socially Isolated vs. Group-Housed C57 Mice*, Supporting Faculty: Kathy Hirsh-Pasek

Citlalli Tomas Baltazar, Neuroscience: Systems, Behavior & Plasticity major, *Adolescent Morphine Exposure Perturbs Object Recognition Memory in Female but Not Male Rats*, Supporting Faculty: Mathieu Wimmer

Zoe Turner, Bioengineering major, *Effect of Obesity on Lymphatic Function in a Microphysiological System*, Supporting Faculty: Evangelia Bellas, Supporting Program: Supporting Program: CARAS Project Grant

Natasha Vahora, Psychology major, *Books and Blocks: Measuring the Spatial and Verbal Home Learning Environment*, Supporting Faculty: Elizabeth Gunderson

Rachel Winter, Neuroscience: Cellular and Molecular major, *Using Cannabinoids to Mitigate Opioid Withdrawal Symptoms*, Supporting Faculty: Sara Ward

Jenny Yeago, Geology major, *A Multiproxy Approach to Paleoclimatic and Paleotopographic Reconstruction of the Eocene Piedra Chamana Fossil Forest near Sexi, Peru*, Supporting Faculty: Dennis Terry, Jr.

Olya Zhugayevich, Environmental Engineering major, *Society of Environmental Engineers and Scientists: Highlights in a Student Organization Promoting Campus Sustainability, Environmental Issues, Professional Resources, Diversity, Academic Support, and Community Engagement*, Supporting Faculty: Gangadhar Andaluri

Nathan Zubin, Neuroscience: Cellular and Molecular major, *Development of an Advanced AAV-Mediated Gene Manipulation Approach Specific to the CNS Myelinating Glia in vivo*, Supporting Faculty: Shin Kang, Supporting Program: CST Undergraduate Research Program

2:00pm – 3:20pm

Session 3A: Gender, Identity, and Discourse: New Considerations, Scott Gratson, Moderator

Room 200A

Taylor Addison, Communication Studies major, *House of the Dragon: The Feminist Game of Thrones*, Supporting Faculty: Carolyn Kitch
